

HAVE YOU HEARD OF FOOD NATION?

In Food Nation's Visitor Centre it is possible for visitors to see tomorrow's innovative, Danish solutions. We are therefore the perfect starting point for on-site visits, e.g. at food production facilities and agriculture in Denmark. We are strategically located in the heart of Copenhagen where the Food Nation Visitor Centre invites business delegations to immerse themselves in the strongholds of the Danish food cluster.

THE FOOD NATION VISITOR CENTRE

- inspires, informs, impresses

INSPIRATION

In the Food Nation Visitor Centre we use a combination of guided storytelling and interactive ways for you to explore Danish products and solutions from the agriculture and food sector.

We inspire stronger collaboration and make it possible for both Danish and international visitors to experience innovative Danish agri-food solutions up close. Visits are primarily for business people, journalists, and policymakers.

INFORMATION

Food Nation presents how the innovative agri-food production is a part of Denmark's DNA. A story wall shows the Danish food cluster's deep roots in Denmark's history, and our Solution Box gives visitors up-to-date knowledge about the Danish food cluster through an extensive selection of concrete and inspiring cases.

At our AI station, all the Food Nation materials are gathered in one place, available in a wide range of languages. If you want to see Danish agri-food production with your own eyes, you can get real close with our VR glasses.

IMPRESSION

In the Food Nation Visitor Centre it is possible for visitors to experience tomorrow's innovative Danish products and solutions through impressive insights and storytelling.

We are therefore the perfect starting point for collaboration with the agri-food cluster and for on-site visits, e.g. at food production facilities or agriculture in Denmark.
