

HAVE YOU HEARD OF FOOD NATION?

Strategically located in the heart of Copenhagen and the innovative outskirts of Aarhus, Food Nation's two Visitor Centers invite delegations to immerse themselves in the strongholds of the Danish food cluster.

FOOD NATION VISITOR CENTERS

- inspire, inform, impress

WE INSPIRE

In Food Nation's Visitor Centers, we use a combination of guided storytelling and interactive way for you to explore Danish agricultural and food solutions.

We inspire to stronger collaboration, and we make it possible for both Danish and international visitors to see innovative, Danish agricultural and food solutions up close. The visits are for both business people, journalists, and politicians.

WE INFORM

Food Nation presents how innovative agricultural and food production is a part of Denmark's DNA.

A story wall shows the Danish food cluster's deep roots in Denmark's history, and our interactive presentation and Solution Box, with an extensive selection of concrete and inspiring cases, give visitors an up-to-date knowledge about the Danish agricultural and food cluster.

If you want to see Danish agricultural and food production with your own eyes, it possible to get real close with our VR glasses.

WE IMPRESS

In Food Nation's Visitor Centers, it is possible for visitors to see tomorrow's innovative, Danish solutions. We are therefore the perfect starting point for on-site visits, e.g. at food production facilities or agriculture in Denmark.
